

4th International Workshop on Pericyclic Reactions and Synthesis of Hetero- and Carbocyclic Systems

28th – 30th of June, 2017

University of Milan

Palazzo Greppi
Sala Napoleonica

Via S. Antonio, 12 - Milano

The *4th International Workshop on Pericyclic Reactions and Synthesis of Hetero- and Carbocyclic Systems* will take place from the 28th to the 30th of June, 2017 in Milan, hosted by the University of Milan. The *Interuniversity Center for Pericyclic Reactions* organizing the meeting, warmly welcomes all the scientists who are keen on pericyclic reactions and their application, and on the hetero/carbocyclic synthesis using modern methodologies.

Organizing this workshop, the University of Milan is offering an occasion to all the participants, and in particular to young researchers, to discuss their latest results in this synthetic field, as well as the theoretical and mechanistic aspects.

Join us and contribute to the upgrade of this scientific field and establish new collaborations between researchers and lovers of the pericyclic reactions and hetero/carbocyclic chemistry!

Registration is now open: http://sites.unimi.it/cirp_workshop/

Invited Speakers:

Giovanni Poli (*Université Pierre et Marie Curie - Paris*)

Oliver Reiser (*Universität Regensburg*)

Gian Cesare Tron (*Università del Piemonte Orientale*)

Andrew Whiting (*Durham University*)

Some grants will be available for young researchers submitting an oral contribution...

Registration fees:

	Before May 31 st :	After June 1 st :
Regular	100 €	150 €
Retirees	80 €	100 €
Students	50 €	50 €

Fee includes welcome light lunch, coffee breaks, social dinner.

Save the dates:

- Abstract submission deadline: **April 30th**
- Notification of acceptance for oral presentation: **May 20th**
- Deadline for early bird registration: **May 31st**

Scientific Committee:

Maria Luisa Gelmi

Anna Barattucci

Gianluigi Broggin

Marco De Amici

Paolo Quadrelli
