

Purposes and goals

- ▶ To advance the progress of chemistry, chemical technology, and chemical engineering in the broadest sense
- ▶ Ensures the growth of expert knowledge of its members
- ▶ Collaborates, exchanges experiences and offers assist to many organizations which operate in the field of chemistry

The SCS forms networks with other related societies for execution of some common interests.

Main activities

- ▶ Publishes *Acta Chimica Slovenica* quarterly
- ▶ Is engaged in preparation of small-to-large sized scientific events
- ▶ Takes part in preparation of books of abstracts and monographs
- ▶ Organizes the annual meeting of the Slovenian Chemical Society in collaboration with academic / research institutions

Operating

Locally

SCS is organized in branches. Currently, two branches exist under SCS, these are branches Dolenjska and Mariborska. The head of the society is located in Ljubljana.

Nationally

There are eleven sections and two commissions operating under SCS. A conference called SCS Annual Meeting has been organized annually on national level since 1994. In recent years, the event has become international as well.

Globally

- ▶ Publishing of the journal *Acta Chimica Slovenica*
- ▶ Organization of international scientific events
- ▶ Cooperation with chemical societies from neighbouring and other central European countries
- ▶ Membership in international organizations such as EuChemS, Eurachem, IUPAC, EFCE, EPF, ECTN and IUCr

SCS is also an integral part of the Group of chemical societies in Central Europe.

Leadership & members

President

Dr. Albin Pintar, Research Professor, head of Laboratory for Environmental Sciences and Engineering at the National Institute of Chemistry, Ljubljana, manages the society since 2017.

Vice-presidents

Prof. Dr. Zdravko Kravanja
Prof. Dr. Matjaž Valant
Prof. Dr. Marjan Veber

Secretaries

Prof. Dr. Marija Bešter Rogač
Asst. Prof. Dr. Matic Lozinšek

Past presidents

1951 – 1963: *Prof. Maks Samec*
1963 – 1974: *Prof. Roman Modic*
1974 – 1986: *Prof. Dušan Hadži*
1986 – 1996: *Prof. Ljubo Golič*
1996 – 2017: *Prof. Venčeslav Kaučič*

Membership

- ▶ Active (employed) members: **466**
- ▶ Students: **85**
- ▶ Retired members: **371**

Slovenian Chemical Society

Slovenian Chemical Society

The beginnings of the Slovenian Chemical Society date back to 1951, when a small group of experts decided to merge into a professional organization.

SCS is an organization which encompasses experts from the fields of chemistry, chemical technology, and chemical engineering in the Slovenian area.
